Frontend Dev	HTML5 · CSS3 · JavaScript (ES6+) · React.js ·
UI Libraries	Bootstrap · Material UI (MUI) · Tailwind CSS
Tools	Git · GitHub · Figma Dev Mode · Agile/Scrum
Soft Skills	Problem-Solving · Attention to Detail · Communication · Team Collaboration · Smart Solution Delivery
Languages	English · Hindi

PROFESSIONAL EXPERIENCE

Senior Process Executive - UX & Web Content | Cognizant Solutions, Noida Sep 2024 – Present

- Collaborate with international clients to develop and format structured web content for internal knowledge portals using HTML and CSS.
- Apply UX principles and information architecture strategies to improve content usability, navigation clarity, and readability across platforms.
- Ensure consistency, accessibility, and visual coherence across all digital documentation deliverables for global stakeholders.
- Bridge the gap between content teams and technical teams by applying design thinking to documentation and portal structures.

UI/UX Designer & Developer | Durapid Technologies, Jaipur Apr 2022 – Aug 2024

- Designed and developed responsive, pixel-perfect user interfaces for web and mobile applications using Figma, Adobe XD, HTML5, CSS3, and React.js.
- Created wireframes, user flows, mockups, and interactive prototypes that streamlined design-to-development handoff and reduced revision cycles.
- Collaborated daily with developers, product managers, and stakeholders in Agile/Scrum sprints to ensure designs were faithfully implemented.
- Actively resolved UI-related bugs in React.js and Angular projects, improving visual consistency and application stability.

- Managed and produced branded social media content, digital advertisements, brochures, and marketing collateral for the company.
- Developed and maintained design systems and component libraries to enable consistent UI across all products.

Graphic Designer Intern | *Shag Infotech, Jaipur*

Nov 2021 – Mar 2022

- Designed visual assets for company documents, social media channels, and the corporate website, maintaining brand identity.
- Collaborated with clients to deliver tailored marketing creatives logos, brochures, and digital advertisements.
- Contributed to branding, visual identity, and digital marketing campaigns, building a solid foundation in professional design workflows.

PROJECTS

Aahardarshan.com – Website Design & Development

- Designed the complete UI from scratch in Figma, then developed a fully functional, responsive website aligned with client expectations and brand guidelines.
- Delivered an intuitive, user-friendly experience that significantly improved the client's digital presence.

Print Calgary – E-Commerce UI (React.js)

- Designed reusable UI components and managed application state via Redux, ensuring a seamless and consistent shopping experience.
- Coordinated with team members on task distribution and participated actively in product requirement discussions.

Employee Management Portal

- Designed and developed the portal UI, provided regular updates to the Scrum Master and Technical Lead, and fixed UI bugs based on evolving business requirements.

EDUCATION

M.Tech – Birla Institute of Technology and Science (BITS), Pilani

2025 – Present

Software Engineering

Minors: Software Product Management · Full Stack Development

B.Tech – Poornima College of Engineering, Jaipur

2017 – 2021

Electrical Engineering
